Shawn White road agent from Whitefield is asking that the Airport Road be ban on the Jefferson side starting at the Route 115 intersection. Mr. White said that he has cleared it with the power plant and they have no issues with having their delivers being diverted through Whitefield. The Board agreed to ban the road as long as there are no issues with the power plant. Mark Dubois will be asked to put up the signs coordinating with Whitefield.

Christine Renes has filed a complaint saying that the attendants at the Transfer Station are giving her a hard time about not having any recycling. She states that she is giving her recycling to a friend to take to Lyndonville, VT and this is her right. A letter was signed informing Ms. Renes that the attendants are doing their job as recycling is required in Jefferson. She was giving a list of all materials to be recycled.

Corrette and Associates has notified the Town that they will not be able to do the 2016 audit due to unanticipated personnel changes and scheduling conflicts.

It was asked what type of changes are being looked at for a new website design. Our current site can be revised to accommodate mobile devices at a cost of \$750. The hosting fee would not increase. It was suggested that a new site should have a google calendar with all town activities being listed, town hall rentals and any other activity. The current site could use a new face lift, be reorganized and be interactive with the public. It was suggested that our current provider be contacted to see what they could do to update the site.

Phil Bodwell of DRA will be at the March 13th meeting to review the assessing practices for Jefferson. The next meeting will be March 6, 2017 at 6:30 pm.

Being no further business the meeting adjourned at 7:20 pm.

Respectfully submitted,
