The Board reviewed the permit. The Chair signed the permit. Sherry stated that the exact type of fireworks will be added once it has been ordered.

Kate Savage representing Green-up Jefferson was in. She stated that it had been suggested that her group cleanup the entrance to the Forrest Hicks Field. She has spoken with Bonnie Hicks. The group will remove the brush at the entrance to make the ballfield more visible for the 4<sup>th</sup> of July activities.

Ms. Savage stated that the work will be done by all volunteers, the brush will be chipped.

Ms. Savage informed the Board that the banners will be installed Friday at 5:30. The fire Department will provide traffic control. A bucket truck will be provided as well.

Mo Ingerson states she is here on behalf of her son Ben Ingerson. Ben would like to ask the Board if they would be willing to sell him a right-of-way to a piece of property that he owns that abuts the Town pit. Mr. Gray is not willing to let him use the road that the Town has to the pit for his access. Mark Dubois stated that it would be beneficial to the Town to have its own access to the pit. Mr. Gray will not allow for any crushing machinery to access the property. The Board agreed that they would be willing to sell a right-of-way. Mark Dubois will walk the property to determine the best location.

Mark reported that they have been grading roads. They are waiting to the International to get done. Some of the parts that were sent were incorrect and had to be returned.

Mark requested that more chloride be ordered. Kevin commented that the application of chloride on the Ingerson Road this year really has made a big difference. Kevin stated that he had a complaint that vehicles were getting sprayed when chloride is being put on the roads. Mark stated that if that is the case a vehicle is getting to close. The spray goes straight down onto the road. It was suggested that when putting down chloride that the road be closed so the eliminate any problems.

Kevin ask if there was any way to pickup the stones that are on the surface. Mark stated that the only thing that can be done is to get some finer gravel to put on for a top coat.

There needs to be additional gravel put on the Ingerson Road as well as on the Valley Road. There is an area by the Carter Cut Road that needs to be built up to help keep the water from running down the road.

Invoices were approved for payment June 18, 2018.

Cindy asked that everyone bring in questions for a survey to be discussed at the June 18 meeting.
